## **MANUFACTURED HOMEOWNERS RESIDENCY ACT INTRODUCED AGAIN!**

Our Bill is, once again, being introduced by Frank Acciavatti (Representative of Eastpointe). **WE CAN and WE WILL BE HEARD** in Lansing and throughout our State. MOCOM is putting everyone on notice that we need **YOU** to stand with us, for there is power in numbers. When the Bill number comes out from the legal department of Frank Acciavatti's office, MOCOM will post the Bill number on the Website.

We need to become **united** if we are to make a difference in our standard of living. This means that all residents, living in manufactured housing communities, need to become active and unite as one forceful group so we will be heard.

Look at the minority groups who are forceful and get action. Why and HOW?? because they are united. We need to approach our legislators with the same determination and tenacity. This has become a **NOW SITUATION**. We have waited long enough for our legislators to **ACT**.

By the passage of our Manufactured Homeowners Residency Act it will force Park Owners and Managers to obey the MCL (Michigan Compiled Laws) that are on the **BOOKS**. The enforcement of these laws would make a big difference, but owners and managers of manufactured housing communities presently ignore them.

### **UNITED WE CAN AND WE WILL NOT BE DETERRED.**

Contact us to become a part of this initiative. You will benefit in more ways than you believe possible.
