P.O. Box 180101 Utica, MI 48318-0101 (586) 463-0279 Fax: (586) 566-9801

The Honorable Senator: _____

April, 2007

With a new year, and perhaps your election/re-election as a Senator we would like to acquaint you with M.O.C.O.M. (Manufactured Homeowners Coalition of Michigan, Inc.). You may or may not be in our District where we are located but we want to inform you of our cause and goals to help constituents in your district, Michigan, that may need help.

MOCOM and Manufactured Community Associations have been formed and organized for the purpose to be an authorized, recognized entity to act in behalf of and for the welfare of residents (tenants) of Manufactured Housing Communities, in Michigan. Through cooperation with members, Park Owners/Management, local governments and State employees and staff we endeavor to alleviate problems in these communities from harassment, threats, discrimination, evictions and/or verbal abuse.

We exist to protect homeowners living in these communities by having our legislators introduce laws; pass these laws to protect them from the above abuses.

This year (2007) Frank Accivatti, Representative from Eastpointe sponsored Bill #4429 "**Residency Act**" that give us rights we should have as residents/citizens of the United States. This act is also known as the "**Manufactured Homeowners' Residency Act.**"

We are requesting you, as our Senator, that you encourage both the House and Senate to come up with compatible Bills and pass into law these Bills that would enhance our living conditions and give us **civil liberties, rights we have been denied.**

We believe our **PLEA** to be reasonable and enforceable if the House and Senate act on our behalf.

Sincerely,

Community Name: _____ Address: _____

City, State: _____ ZIP: _____ E-Mail: _____ (optional)
